Committee Charge: Charged with reviewing Issue Submissions as submitted to the committee. We are currently reviewing the follow issues:

Meeting Notes:

Issue 2013-007 Temporary Dishwashing

- Discussed the proposed sample language; Sub B members were polled and the general agreement was that consumer utensils could work, however, the main concern is volume of utensils needing washing & sanitizing. Since many events would rely on portable sinks with potable water & waste tanks.
- Mike Byrne will submit new sample language

Issue 2016-001 Defining Caterer in Cal Code

- No decisions were made on this.

Next meeting: **September 29, 2016, 3:00-4:00**
